Drama in Northville

Northville has always been blessed with much talent and especially in the field of Drama and Music. As far back as the late 1800's local plays and musicals took place in Churches, Schools, Star Theater, Willard's Hall, Tents and Open air as well as the Rustic Theater,

Come and see many pictures, playbills, posters, old high school plays, and see a relative's name or even your name mentioned.

Barbara Sperry will also be sharing about how Bats Bay was started and I'm sure some interesting stories that took place as she was the Executive Director of Bats Bay.

Next month the feature in the newsletter
will be Pictures and History of
Drama in Northville

Logging Sleds

Last month the members of the historical society unanimously voted to donate the logging sleds that are in our possession, since we don't have a place to display them.

We are still waiting to hear from the Adirondack Museum at Blue Mountain Lake concerning if they will accept our donation of the logging sleds.

OLD LETTERS

Letters are almost a thing of the past. We are going to lose a lot when we lose this art of communication. Save the letters you have, they will be history someday.

I ran across a letter this week, almost 100 yrs old, and thought it gave a peek into the past. It was written in **1913** by a lady who had moved to Gloversville from our area. She is writing to a relative in Hope Falls. I'm transcribing it just as she wrote it, including the punctuations and spelling.

Top of the page it said : Excuse poor writing & mistakes

Gloversville, N.Y
Mar. 14, 1913
