NNHS NEWS LETTER

SWINGING POSTER DISPLAY

At our May 2010 meeting Gail presented the need to have more room to display pictures, documents, and historical information in the museum . After some research and visiting several museums, she had found a tool that could be very useful to our museum. In the discussion it was decided that Gail should purchase such a display. It has arrived and is ready to have the pages filled with our history. There are 30 (18" by 20" panels...double sided), so we have 60 posters to fill. Some subjects may need two panels.

Keep your photos or posters together with the durable
Table Top Photo Display

Leg Stand

Topic Suggestions for the poster display Please add ideas to this list, all ideas are welcome.

Mildred "Millie" Dawes Duncan passed away in December 2010. She grew up in Northville and married a hometown high school classmate, Kurt Duncan. Both Millie and Kurt were teachers and taught in Florida where they made their home.

Millie spoke to the historical society several years ago on the topic of the High Rock Lodge. Her parents owned and operated High Rock.

Millie was very thoughtful to remember the historical society in her will. Thank you Millie .

APRIL 6 MEETING
